

Summer Reading Assignment

For students entering 3rd grade

Just because summer is here does not mean your child should stop reading! Below are some suggestions for summer reading. No specific books are required, but please choose books that are at a level your child can read independently. A little bit of challenge is good too! Let your child choose some topics of interest, or choose books that go along with a vacation or event that you are doing this summer. Reading should be fun and enjoyable, so model good reading to your children by grabbing a good book for yourself too.

Summer assignments:

1. Record 10 books on the back of this form.
2. Complete both book summary pages.
3. Return BOTH PAGES to your 3rd grade teacher the first week of school in September.

Book Suggestions:

The books by the following authors are good recommendations:

Beverly Cleary, E.B. White, Jean Craighead George, Seymour Simon, Judy Moody, Judy Blume

Book Series recommendations:
